Osteotomía periacetabular en cadera displásica residual / *Periacetabular Osteotomy in Residual Hip Dysplasia*

M. Aguirre

19:30 **DESPEDIDA / *ADJOURN***

• GENERAL INFORMATION

SEMINAR GOAL

The annual Seminars on Paediatric Orthopaedic aim to inform the attendees about concepts, controversies, and the current state of the main issues concerning the pathology of the locomotor system in infancy and adolescence.

FORMAT

The Seminar is a review of the speciality, broken down by topic, and presented by well-known international authorities on the subject. Following is an open, comprehensive discussion among the attendees.

AUDIENCE

The Seminar is directed at residents in orthopaedic surgery and traumatology and related specialities (rheumatology, rehabilitation, paediatrics, etc) as well as specialist doctors with particular interest in continuing education in paediatric orthopaedics and traumatology.

SITE

Hotel HCC Montblanc
